REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

A patent of interest which has prior art gel is that of EP 0 435 199 A2 which contains the crosslinked acrylic component, but not the mucoadhesive or solvent components found in the instant composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
